

## INFORMATION ON PRODUCT DISCONTINUANCE

### Introduction of the new Acctiva Smart 25A

**NEW!** Fronius Perfect Charging is launching the new **Acctiva Smart 25A** as a successor to the existing Acctiva Standard range, which will be discontinued on 31.12.2019. The already available **Acctiva Smart 25A** offers a multitude of renewals and benefits to better meet the technical needs of the automotive industry.

Benefits of the **Acctiva Smart 25A** at a glance:

- / **Large graphic display** with animated steps for extremely straightforward operation
- / Special **Refresh mode** for deep-discharge batteries
- / Software update via optional **USB interface**

The new **Acctiva Smart 25A** is recommended for the following battery types and applications in the professional 6/12/24 V DC Range:

### Comparison of the expiring Acctiva Standard Range and the new Acctiva Smart 25A:
